

Florida Technical College

Whatever your unique situation, Florida Technical College can help you with the skills and training to prepare for a career in Healthcare, Business, Beauty Careers, Information Technology, Culinary Arts, Criminal Justice, HVAC and many other fields.

Your Future Begins with FTC

FTC provides the right environment for learning with individual student attention, experienced faculty, and career services. Plus, each student receives the new iPad with e-books instead of textbooks.

Florida Technical College – Training students for more than 30 years.

FTC was founded in 1982 to provide post-secondary training in specialized business fields. Today, FTC offers Bachelor's Degrees, Associate Degrees and Diploma Programs in today's fastest growing occupations across a spectrum of fields.

Florida Technical College programs are exciting and dynamic, evolving over the years to meet the needs of students and the job marketplace. FTC students receive the new iPad with e-books instead of textbooks, which allows *FTC students to tackle coursework anywhere, at anytime.*

“Focused” Learning – An Innovative Approach to Education

FTC students typically take only one course per month. This focused approach helps students turn theory into practice. It fosters better learning by allowing students to concentrate on just one subject with one faculty member at a time.

Flexible Class Schedules: Career Training to Fit Your Lifestyle

At FTC, we recognize that our students are all busy individuals with family, work and a wide variety of other responsibilities. That's why we offer Day and Evening classes. You can choose the schedule that best fits your lifestyle. Professional career training is necessary in order to get ahead in today's job market – but *you don't have to put your life on hold to get it.*

Campuses & Programs

A long-established technical college in Florida with six convenient locations in Orlando, Kissimmee, Deland, Lakeland, Pembroke Pines, as well as a brand new campus in Greater Miami's Cutler Bay, and more than thirty programs to choose from, Florida Technical College offers a wide range of career training options to help you get started in a new career, or further advance your current career.

College Degrees, Diploma Programs and Online Courses

FTC offers degree and diploma programs in many specialties, and even offers courses online. All FTC students receive the new iPad with e-books instead of textbooks making the learning process more convenient for the lives of busy adult students.

Career Services

Job Placement Assistance for All Students & Graduates

The FTC Career Services Mission: To assist every graduate in achieving the employment they have just worked so hard to accomplish.

These are tough economic times, particularly in Florida. Hundreds of people, perhaps like yourself, are out of work or not certain if their current employment status will be around for much longer.

Career Services Online Center

Ready to move from the Classroom to a Career? Florida Technical College is here to help.

Our new tool, Career Services Online Center, will be available soon! [Click here](#) for direct access to your Career Services Representatives, to search for jobs, build your resume, practice interviews, and much more.

All of you FTC employers, students and graduates will receive a notification by mail, and an email with your log-in information.

We are looking forward to serving your career needs even better. Make sure you "Like" us on Facebook or Follow us on Twitter for up-to-date information!

The Road to Success is Just a Click Away!

Specialized Career Training + Professional Support

At Florida Technical College, we believe that the Best Defense Against Unemployment is: Specialized Career Training + Professional Support. One of the most valuable services provided by Florida Technical College is the Career Assistance for all students and graduates. This is a big part of the FTC Family Tradition.

The purpose of this Service is to advise students concerning their careers and to assist every graduate in obtaining the employment for which he or she has been trained. One of the important features of the Career Assistance service is the Professional Preparation Seminar. These seminars, which are integrated into the core curriculum, help you prepare to enter the job market.

You'll enter the professional world with confidence and will make a smooth transition from student into working professional backed by the support of FTC's Career Assistance programs.
